

2026 Fall Carolina Southern Division National Model Railroad Month Celebration

It's time to talk about this year's Carolina Southern Division (CSD) celebration for National Model Railroad Month. Would you like to join in the fun of celebrating the World's Greatest Hobby?

I want to thank all the layout owners that have opened their homes so we can see their layouts over the past two years. This fall will be our third year of layout open houses. **We can always add additional model railroad layouts.** If you've joined us in this celebration over the last two years, you know that layout owners that open their homes for us to see their layouts are in all stages of construction or completion.

So, help us celebrate by sharing your layout for National Model Railroad Month.

Below are the dates, times, and layouts confirmed so far this year:

October 24, 10 am –3 pm (North/Northeast)
