- Size: 30' x 34'
- % Benchwork & Track: 30%
- % Scenery: 0%
- Control: Dead Rail
- Access: Basement layout accessed through door directly into layout room

Andrew just switched from HO scale to On30. The layout depicts the ET&WNC as it was during its heyday in the early 1920s. The iron mines were still shipping ore to the furnace in Johnson City. There were sawmills and logging camps along the line the this rugged area was served by four passenger train. The area represented by the layout is from Hampton, Tenn. to Cranberry, NC.
