

LIVE STEAM LOCOMOTIVES

by Will Jordan

As a new member of the Carolina Southern Division, I would like to share with you some photos of my current motive power. I am a member of the Triad Live Steamers, which has a layout in the Old Post Office Park area of Harrisburg at 6960 Robinson Church Road. You can see more about our club at our website: <http://www.triadlivesteamers.org> . Our models are not toys or simple models, but are truly industrial equipment.

Here are photos of my current motive power which might be of interest to you. I have two engines under construction, a small electric boxcab and a model of the Falk #1, a 10-ton 0-4-0 steam locomotive c. 1880-1890. Enjoy.

Riding them is as much fun as building them.

Hope to see you soon at a Triad Live Steamers event.
